REVIEW

- How do you think the leadership styles we discussed in class could impact the level of innovation in an organisation?
- Describe the Tuckman model.
- What would you do, as a manager, to support your team so they move through the Tuckman phases quickly?

LEADERSHIP IN PRACTICE

In small groups complete the following task:

1. Identify an individual that has a public presence and, in your opinion, has demonstrated the characteristics of Transformational Leadership.

Do some research and find some examples of behaviours, events or actions that support your assertion.

2. What approaches and techniques that we've discussed in class could be used by an effective leader to bring people together?

Be prepared to share your findings with the class

CLASS EXERCISE PRACTICE EXAM QUESTIONS

Split up into groups and answer the following questions.

Be prepared to share your answers.

1. Describe at least 2 myths associated with the development and implementation of an Enterprise Architecture.
2. How does Lewin's force field analysis improve technology acceptance?
